# Collection of Student Social Security Numbers

Section 1008.386, F.S. requires school districts to request a social security number for each student in grades PK-Adult who enroll or are enrolled in school. However, a student is **not** required to provide his or her social security number as a condition of enrollment or graduation.

*1008.386   Social security numbers used as student identification numbers.—Each district school board shall request that each student enrolled in a public school in this state provide his or her social security number. Each school district shall use social security numbers as student identification numbers in the management information system maintained by the school district. However, a student is not required to provide his or her social security number as a condition for enrollment or graduation. A student satisfies this requirement by presenting to school enrollment officials his or her social security card or a copy of the card. The school district shall include the social security number in the student's permanent records and shall indicate if the student identification number is not a social security number. The Commissioner of Education shall provide assistance to school districts to assure that the assignment of student identification numbers other than social security numbers is kept to a minimum and to avoid duplication of any student identification number.*

The collected social security number may be used for all or some of the following purposes:
1. Registration and tracking of students, including State Reporting
2. Local Accountability
3. FASTER
